ORDER FORM for BESPOKE RANGE

There are options and decisions to be made:

You may have any design in any timber. On the whole those made from BEECH are stained and lacquered; whereas those made from ROSEWOOD are wax polished only and the oak knobs could be in natural finish (clear lacquer) or stained and lacquered.

And that's not all; remember that you have a choice of FOUR roses:

- 1) Wood – usually with concealed screws, sometimes round or perhaps octagonal or whatever shape you want, within reason.
 - 2) Standard Brass with concealed screws. Also available in Chrome or Nickel plate.
 - 3) Pierced Brass with three screw holes around the rim. Also available in Chrome or Nickel plate.
 - 4) Daisy Brass with four screw holes around the rim. Also available in Chrome or Nickel plate.
- Again, all roses are the same price, except plated ones which cost extra. Please phone or email regarding cost and availability.

If you are struggling to make head or tail of this – please ring or email.

Bespoke No.	Quantity	Timber	Finish	Rose Design	Rose Finish	Price/set	Total

If RIMSETS are required please deduct £3 for omitted rose and indicate total thickness of door plus lockins. or mm. set

Delivery prices depend on size of order, please email for a quotation.

I enclose cheque for £..... Made payable to Knobbs Hardware
